April 2016

The Rotary Leadership Institute (RLI) is a multi-district, grassroots leadership development program of member districts organized into regional divisions throughout the world. It is not an official program of Rotary International and is not under its control. The RLI seeks to have Rotary Clubs in member districts identify those Rotarians who seem to have the POTENTIAL for future club leadership (not necessarily as club presidents) and provide those so identified with a quality education in Rotary knowledge and leadership skills for voluntary organizations.

RLI PHILOSOPHY

“Having leadership skills does not alone assure good Rotary leadership. An effective Rotary leader must ALSO have Rotary knowledge, perspective about where Rotary has been, where it is now and a vision of what Rotary can be.”
