RLI International Newsletter

January 2017

The Rotary Leadership Institute (RLI) is a multi-district, grassroots leadership development program of member districts organized into regional divisions throughout the world. It was recommended by the R.I. Board of Directors and strongly endorsed by the Council on Legislation at three of their triennial meetings. RLI conducts a series of quality leadership development courses for potential club officers and other club members, including those who have recently joined a Rotary Club. The courses emphasize both leadership skills and knowledge of Rotary around the world. All course sessions are completely interactive. The 81 RLI Regional Divisions believe that leadership education has a positive impact on membership retention by creating enthusiasm and furthering engagement for Rotary.

Odds and Ends About RLI

(Portions of this section were taken from an Academic Paper.)

In a Part I course on Leadership in the RLI curriculum, participants suggest the characteristics of a good leader. Normally the participants in the course suggest many such characteristics, but not usually "empathy" and concern". The generally accepted definition of empathy is the ability to put yourself in the shoes of another. Empathy is a most important characteristic of a good leader because better understanding someone is essential to exercising approaches to leadership. Concern is different, but also very important. Showing concern for someone is obviously a positive for exerting leadership. The general subject of leadership creates wonderful opportunities for those attending RLI courses to explore a critical subject for both Rotary and leadership in general.
