Rotary Leadership Institute International

ANNUAL REPORT 2017-18

The future of RLI is in your hands.

Marching forth to serve in its 26th year
410 member districts in
182 countries and geographical areas.

The Rotary Leadership Institute (RLI)
is a multi-district, grassroots leadership development program of member districts organized into regional divisions throughout the world. It is not an official program of Rotary International and is not under its control. The RLI seeks to have Rotary Clubs in member districts identify those Rotarians who seem to have the POTENTIAL for future club leadership (not necessarily as club presidents) and provide those so identified with a quality education in Rotary knowledge and leadership skills for voluntary organizations.

The RLI is recommended but not an official program of Rotary

CHAIRMAN’S ANNUAL MESSAGE

2017-18 has been a year of continued innovation as well as continued expansion of RLI. The celebrations of RLI’s 25th anniversary in various parts of the world have been a special impetus for consideration of dealing with the many changes in the Rotary world (both planned and changes in circumstances) and necessitating a review of our leadership education programs.

A major development for RLI this past year has been the first implementation of our decision to conduct “Curriculum and Best Practices Meetings” in various regions of the world. Although we have had representation at our past Curriculum/Best Practices meetings from RLI leaders from many countries at our many such meetings, mostly held in Orlando, Florida in January (just after the International Assembly), we believe that circulating such meetings around various parts of the world would be beneficial to the RLI program. One obvious advantage of an international program at face to face meetings is the ability to discuss many ideas/views from around the world. We learn from each other.

The first such meeting was held in March in Mumbai, India for most of the South Asia Region. The leaders of that event were our Regional Chair, Binod Khaitan, Subhash Saraf (since deceased), and Ulhas Kolkatkar. RLI in South Asia has 100% membership of all its districts and many representatives were present at that meeting. Because of the success of the Mumbai meeting, RLI plans to conduct similar meetings in two locations in different continents during 2018-19. Expressions of interest have been received from four world regions, but because of financial constraints, we are limited to two events during the coming Rotary year. Of course, all RLI meetings, no matter what the location, are open to any RLI leader from any part of the world.

While we have been having Curriculum Meetings for quite a long time, Best Practices parts of such meetings have been a recent exercise. They become increasingly important and effective as we explore the practices of RLI divisions in so many places of the world. Obviously, the best way to improve our practices is to discuss them with RLI leaders from many parts of the world. Some practices may work best in a particular area, but many can improve RLI’s effectiveness around the world.

RLI does not “stand still”—it continually adapts to the Rotary world to assure that RLI courses and allied activities provide great experiences for the benefit of Rotary Clubs. We are grateful to all our divisions, member districts and their RLI leaders and discussion leaders as well as our international leaders, for their participation and support.

RLI MISSION STATEMENT
The Rotary Leadership Institute is a grassroots, multi-district leadership development program
whose mission is to strengthen Rotary clubs through quality leadership education.

“No ray of sunshine is ever lost, but the green which it awakens into existence needs time to sprout, and it is not always granted for the sower to see the harvest.”

—Albert Schweitzer

PDG Subhash Saraf

RLI greatly mourns the death of PDG Subhash Saraf, late of Pune, India. He collapsed during the RLI Curriculum/Best Practices Meeting in Mumbai, India and was hospitalized. Subhash was the International RLI Editor of our Annual Report and was the Secretary of the South Asia RLI Organization. Those former titles were only a small part of his extraordinary contribution to RLI and Rotary. Our condolences go to his family as well as his Rotary family.
